

# ONLINE SCHEDULING @ TOURME.CA

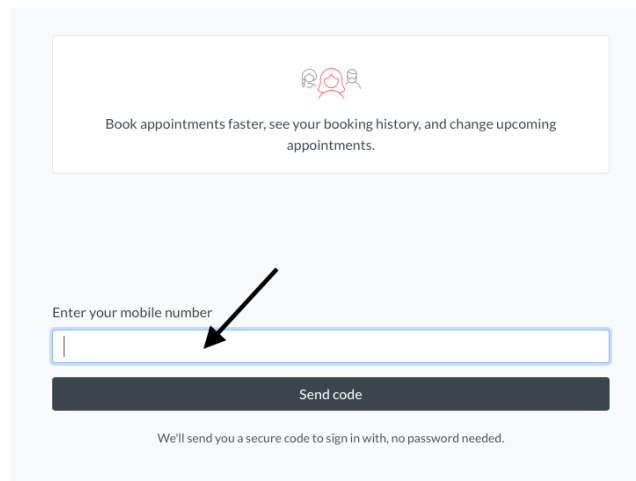

## How to Log In (Once Per Device)

Please log in to your scheduling account before making appointment requests. This will ensure the system does not create a duplicate account and help keep things easy for us.

1. Use your phone or computer and browse to <https://tourme.ca>
2. Click 'Book Now'
3. Confirm you have an account
4. Read and accept our current terms of service
5. 1 Time Only (per device) click rebook your previous appointments.

6. Enter your cell number (this number must be able to receive SMS messages) and hit 'Send Code'.

7. A confirmation number will be sent to the SMS number entered. If you are using a mobile device, the confirmation number will pre-populate. Otherwise enter the number manually.
8. You are now logged in on this device and will stay logged in unless you log out. Click 'Book Now' (Top Right).
9. Go ahead and book your appointment using the tools provided.

Please Note: Do NOT use the Re-Book appointment feature once logged in, as it will remember the previous address and book the appointment there. You probably don't want us to re-shoot a home 😊.
